## **ENHANCING GUEST EXPERIENCES THROUGH ADVANCED AUDIO SOLUTIONS**

Perfect for Hospitality & Leisure applications, K-ARRAY's solutions deliver sound reinforcement, noise control, and speech clarity.

Easy to set up with products that are appreciated by sound designers, architects, and tech installers.

Suitable for hotels, bars, fitness centres, cruise ships, and casinos, K-ARRAY's technology offers exceptional sound and stunning design while setting the perfect atmosphere.

## OPTIMISING AMBIENCE

With K-ARRAY's Smart Audio Solutions

For an unforgettable guest experience, K-ARRAY's audio solutions seamlessly blend design, functionality, and sound quality. Their customizable, inconspicuous systems cater to a variety of leisure spaces. Using Pure Array Technology, they provide even, consistent sound, perfect for creating the ideal ambience.

## COMBINING AUDIO COVERAGE, ENGAGING CONTENT And Cost Saving

K-ARRAY's smart audio solutions deliver quality sound and sleek design, eliminating bulky loudspeakers. Used with wireless audio distribution, they enable personalized sound zones throughout buildings.

Their smart amplifiers and accessible interfaces allow for customizable systems, helping professionals balance background noise and audio levels, saving on extra hardware.

## **DURABLE AUDIO OPTIONS** For Outdoor & Marine Space

K-ARRAY's durable audio solutions address the challenges of outdoor leisure spaces. Their compact, high-quality loudspeakers ensure optimal coverage and longevity. Built with water and salt-resistant materials, their specifically treated loudspeakers and subwoofers are perfect for marine settings, minimizing waste from replacements. K-ARRAY's Pure Array Technology offers quality, directional sound, reducing audio spill and outdoor noise pollution.

## **SOLUTIONS** **FOR CHALLENGING** **OR EXISTING INSTALLATIONS**

Refitting audio equipment in hospitality and leisure settings can be challenging, especially when dealing with historic or listed buildings. K-ARRAY's point-source loudspeakers simplify wiring and offer outstanding sound.

## COMMUNICATION AND SOUND INTELLIGIBILITY

Clear communication is vital in hospitality for a positive guest experience. K-ARRAY's products optimize speech intelligibility from hotel announcements to fitness classes.

Buildings needing voice alarm systems must comply with EN 54. Choosing EN 54-24 compliant audio equipment ensures adherence to industry regulations, providing a secure environment.

## FEEL THE LIGHT

Light significantly impacts our daily activities and how we perceive the spaces in which we live and work. A proper lighting design allows for the creation of comfortable and aesthetically pleasing environments. Harmony between architectural spaces and lighting is crucial, and to achieve this, cutting-edge lighting products are required.

KSCAPE systems provide the perfect solution to this challenge, thanks to their wide range of mounting options, optics, and control systems. They enable the creation of integrated, engaging, and well-designed spaces

PERFECT

**MATCH  
THE COMBINATION**  
Between the **audio**  
and the **light** technology

KSCAPE is committed to creating integrated systems of various technologies, offering customers, integrators, and specifiers unique and cutting-edge products.

Creating a unified ecosystem between environmental audio and lighting is an engaging and exciting challenge.

The RAIL system allows for the creation of an emotional and immersive environment with a single product in which sound and light coexist and seamlessly integrate into the architectural space.

## Enhance Your Guests' Experience with **K-ARRAY**

Creating the perfect ambiance for guests is crucial. Audio plays a significant role in shaping their overall experience, whether they are staying at a hotel, dining at a restaurant, or enjoying a workout at a fitness center. Facility managers, system integrators, audio tech installers, AV integrators, architects, event planners, owners, and interior Designers face unique challenges in designing audio systems that cater to various needs and preferences, while maintaining aesthetic appeal and seamless integration with the environment. K-ARRAY offers versatile and innovative audio solutions to help professionals create the ultimate experience for their guests.

## HOSPITALITY & LEISURE

AUDIO SOLUTIONS

# Hotels and Resorts

Large-scale hospitality settings with multiple rooms across floors require versatile solutions. K-ARRAY's slim loudspeakers and subwoofers integrate seamlessly for a stylish atmosphere, and sound masking prevents audio bleed from communal areas. Their discreet in-wall loudspeakers and line array systems offer high-quality sound for guest rooms, event spaces, and clear staff announcements.

## HOSPITALITY & LEISURE

AUDIO SOLUTIONS

# Restaurants and Cafes

Audio is key to a comfortable dining experience, but often has challenges like reflective surfaces and noise. K-ARRAY's solutions address these through aesthetic design, functionality, and quality sound. Their Pure Array Technology creates distinct audio zones, and outdoor loudspeakers offer durability. Their discreet and customizable loudspeakers integrate with decor and can be easily adjusted for different events and capacities.

## HOSPITALITY & LEISURE

AUDIO SOLUTIONS

# Fitness and Wellness Centers

In leisure settings, a flexible, quality audio system is vital. K-ARRAY's Slim Array Technology offers clear speech and even sound for fitness classes, while discreet in-ceiling loudspeakers provide unobtrusive background music. Their Marine products resist wear in aquatic environments. Existing systems can be easily upgraded with Domino full-range loudspeakers, eliminating extensive modifications, and improving audio performance.

AUDIO SOLUTIONS

# Fitness and Wellness Centers

Equip group classes and workout areas with KGEAR's pro speaker systems, ensuring clear audio and speech intelligibility for instructors and participants.

Install unobtrusive in-ceiling speakers from the commercial audio line in relaxation and meditation areas, providing soothing background music and noise-masking while maintaining a budget-friendly approach.

Upgrade existing audio systems using KGEAR's efficient full-range speakers, offering an affordable solution that enhances audio performance without the need for extensive rewiring or infrastructure modifications.

Integrate KGEAR products designed for challenging environments, such as moist areas or locations near swimming pools and spas, providing durability and corrosion resistance at a competitive price.

## K-ARRAY WARRANTY

K-array surl warrants its products against defects in material or workmanship. The term of the K-array surl Warranty is **five years** from the original date of purchase of the product and their accessories. This warranty may be transferred to a subsequent owner during the warranty period. However, such a transfer shall not extend the warranty period beyond the original warranty period of five years from the original date of purchase stated on the invoice from the distributor to the end client.

## IMPORTANT:

The configurations showcased in this Catalog are just examples, they don't represent existing projects. While not representing real projects, they can serve as inspiration for what's possible.

Dive into our K-array Lookbook to explore specific, well-designed audio projects. Have a project to share? Send your materials to [marketing@k-array.com](mailto:marketing@k-array.com), it might be selected for our next Lookbook.
